

18V LXT® Lithium-Ion Cordless/Corded 20 L.E.D. Flood Light

CATALOG (SKU) NUMBER: MK-DML805

2-mode operation: delivers 750 lumens on High mode or 450 lumens on Low mode. Up to 8.5 hours of continuous illumination with a 5.0Ah 18V LXT® battery on High mode (battery and charger not included). Up to 17 hours of continuous illumination with a 5.0Ah 18V LXT® battery on Low mode (battery and charger not included). Extreme Protection Technology (XPT) is engineered for improved dust and water resistance for operation in harsh conditions (only with DC power). L.E.D. lights effectively illuminate work area without the high heat of halogens. Adjusting knobs enable the user to direct the flood light to desired angle. Battery or corded operation; compatible with 18V LXT® batteries (battery not included). Back up power is provided by an 18V LXT® battery and keeps the flood light on if AC power is lost (charged battery must be installed). AC cord is easily stored and wrapped around mounting stand base. Integrated handle can be used as a hanging hook for user convenience. Light will flash to alert user when battery charge is low (battery not included). Compact design at only 8-3/8" long. Weighs only 5.7 lbs. with battery (battery not included). Flood light can be mounted on optional tripod light stand individually or with two flood lights (tripod light stand not included). Flood light can be mounted on optional pipe clamp light stand (pipe clamp light stand not included). 3-year warranty on flood light. Battery and charger sold separately. Only use genuine Makita batteries and chargers.
