PACIFIC Industrial Supply

1 1/8" Adapter Sleeve

CATALOG (SKU) NUMBER: CUR-1552P

Current Tools

The 1552P adapter is a 1 1/8" adapter sleeve used in hydraulic knockout sets and punch/die sets. It enables the use of larger punches and dies (2 1/2" to 4") with standard knockout equipment by adapting the draw stud or ram to fit the larger tooling. This adapter is essential for expanding the punching capacity of your knockout set and is included in several Current Tools knockout kits.

- Designed for use with Hydraulic Knockout Sets
- Use with 3 1/2" and 4" Punches and Dies
- Use with item #1551P Draw Stud

Model: 1552P
Made in the USA
