PACIFIC Industrial Supply

10" Table Saw

CATALOG (SKU) NUMBER: MK-2705

Powerful 15 AMP motor delivers 4,800 RPM for improved performance. Large cutting capacity (3-9/16" at 90° and 2-1/2" at 45°) can rip 4x material in one pass; can use up to a 13/16" dado blade. Right extension table allows for greater cutting capacity with the capability to rip 4x8 sheets of plywood. Extended capacity with up to 25" ripping. "Tool-less" modular blade guard system with an adjustable riving knife/spreader. Blade guard assembly with cam lock provides easy "tool-less" installation or removal. Adjustable dual side guards allow for ease of measurement from the blade to the rip fence for cutting set-ups. Two onboard independent stowable anti-kickback pawls and riving knife/spreader for through cuts. Release lever for easy riving knife/spreader height adjustments into 3 different positions for through, non-through and dado cuts. Guard design allows operator to view the blade as it contacts the material. Aluminum die cast, precision machined table top remains flat and true for out of the box accuracy. Electric brake for maximum productivity. Large on/off switch and easy to read scale for faster adjustments. Complete storage capacity to hold most commonly used accessories including saw blade, power supply cord, miter gauge, rip fence, push stick, wrench, safety guard and dado blade. 3/8" x 3/4" T-slot miter gauge grooves accepts commercial accessories with T-formed shanks for versatile cutting. Saw blade enclosed underneath the table to protect the blade during transport. Dead-on cam-locking rip fence and bevel locking handle for fast and easy adjustments. Two pole slide system for raising and lowering blade for a more efficient and smoother adjustment of the blade depth.
