12" Metal Cutting Saw

CATALOG (SKU) NUMBER: MK-LC1230

Carbide-tipped blade lasts 50x longer than abrasive wheels; cuts clean, accurate and virtually burr-free. Quick release vise for secure material retention and fast, repeated cut-offs. Lock-off button for user convenience. Quick release support fence adjusts 0-45° for miter cutting. Shaft lock for easy blade changes with just one wrench. Powerful 15.0 AMP motor for the most demanding applications. 4x faster cutting in light pipe, angle iron, tubing, conduit and channel than abrasive cut-off saws. D-shape handle for user comfort. Socket wrench stores on base for convenient blade changes. Shavings collection tray for easy waste disposal and a cleaner work environment. Large cast aluminum base for stability. Externally accessible brushes for greater serviceability. Maximum cutting depth of 4-1/2" with carbide tipped blade.
