18V LXT® Lithium-Ion Cordless 16 Gauge Nibbler, Tool Only

CATALOG (SKU) NUMBER: MK-XNJ01Z

Makita-built motor delivers 1,900 SPM for faster and smooth cutting. Ideal for cutting roofing sheet metal at thicknesses up to 16 gauge. Die holder rotates 360° to meet demands of cutting direction. Convenient chip disposal is below cutting material to minimize damage to cutting surface. Cutting radius: inner edge 1-3/4”; outer edge 2”. Battery capacity warning system turns light solid red and automatically stops motor to notify user that battery needs to be replaced (battery and charger sold separately). Anti-restart protection prevents motor start up when battery is inserted with switch locked on. Rubberized soft grip for improved comfort. Lock-on sliding switch for continuous operation. Built-in thickness gauge for convenience. Externally accessible carbon brushes for greater serviceability. Easy punch and die replacement for reduced down time on the job. Equipped with Star Protection Computer Controls to protect against overloading, over-discharging and over-heating. Rapid Optimum Charger communicates with the battery's built-in chip throughout the charging process to optimize battery life by actively controlling current, voltage and temperature (battery and charger sold separately). Rapid Optimum Charger has a built-in fan to cool the battery for faster, more efficient charging (battery and charger sold separately). Makita technology delivers category-leading charge time so the battery spends more time working and less time sitting on the charger (battery and charger sold separately). Compatible with Makita 18V Lithium-Ion batteries with a Star symbol (battery sold separately). 3-year limited warranty. Only use genuine Makita batteries and chargers.
