18V LXT® Lithium-Ion Cordless Cyclonic Canister Vacuum, Tool Only

CATALOG (SKU) NUMBER: MK-DCL500Z

Powerful motor generates 46 CFM of suction power and 26.5" of water lift. Up to 49 minutes of continuous operation using a 5.0Ah LXT® battery (battery not included). Filtration system with cyclonic separation keeps motor running at optimum performance. Cyclonic system separates large dust particles from fine dust particles so that only fine dust particles are captured on the filter for reduced clogging. Compact design at only 13-7/8" long. Weighs only 9.4 lbs. with battery (battery not included) for reduced operator fatigue. Push button air volume selection (High/Low) for controlled vacuuming. L.E.D. filter cleaning and battery charge warning lights indicate when to clean or recharge batteries. Filter cleaning lever removes dust from the filter without removing filter from vacuum for convenience. Quiet operation at only 64 dB(A) for operator comfort. Telescoping extension wand provides 38" - 40" of reach. Easy removal of dust collection container for convenient dust disposal and cleaning. Includes floor and crevice nozzles for a variety of application. Shoulder strap for maximum versatility and portability. Reusable dust filter is easy to clean. Unique wheel design for maximum maneuverability. Equipped with Star Protection Computer Controls to protect against overloading, over-discharging and over-heating. Battery and charger sold seperately. 3-year limited warranty. Only use genuine Makita batteries and chargers.
