18V LXT® Lithium-Ion Oil-Impulse Brushless Cordless 3-Speed Impact Driver, Tool Only

CATALOG (SKU) NUMBER: MK-XST01Z

Oil-Impulse Technology utilizes oil to hydraulically drive the impact mechanism for lower noise and increased efficiency. Quick-Shift Mode selector has an automatic electronic controller that downshifts and reduces rotation and impact speed prior to driving screw into place, and is engineered to minimize screw thread stripping, screw breakage and damage to work. The BL Brushless Motor eliminates carbon brushes, enabling the BL Motor to run cooler and more efficiently for longer life. Efficient BL Brushless motor is electronically controlled to optimize battery energy use for up to 50% longer run time per charge. The electronically-controlled BL Brushless Motor efficiently uses energy to match torque and RPM to the changing demands of the application. 3-speed power selection switch (0-1,200 / 0-2,200 / 0-3,200 RPM & 0-1,400 / 0-2,200 / 0-2,700 IPM) provides the user with precise fastening control for a wide range of applications. Compact and ergonomic design at only 5-3/8" long. Weighs only 3.2 lbs. with battery (battery not included) for reduced operator fatigue. 3-stage L.E.D. gauge indicates battery charge level. Built-in L.E.D. light with an independent on/off switch illuminates the work area. Convenient one-touch 1/4" hex chuck for quick bit changes. Rubberized soft grip provides increased comfort on the job. Equipped with Star Protection Computer Controls to protect against overloading, over-discharging and over-heating. Rapid Optimum Charger communicates with the battery's built-in chip throughout the charging process to optimize battery life by actively controlling current, voltage and temperature (battery and charger sold separately). Rapid Optimum Charger has a built-in fan to cool the battery for faster, more efficient charging (battery and charger sold separately). Makita technology delivers category-leading charge time so the battery spends more time working and less time sitting on the charger (battery and charger sold separately). Compatible with Makita 18V Lithium-Ion batteries with a Star symbol (battery sold separately). Extreme Protection Technology (XPT) is engineered for improved dust and water resistance for operation in harsh conditions. 3-year limited warranty. Only use genuine Makita batteries and chargers.
