PACIFIC Industrial Supply

3/4" Solid Draw Stud

CATALOG (SKU) NUMBER: CUR-1582P

Current Tools

The 1582P Solid Draw Stud is a 3/4" draw stud designed for use with knockout punch and die systems. It provides secure connection and alignment between punches, dies, and driver assemblies for clean, accurate conduit knockouts in metal panels and enclosures.

- Designed for use with Hydraulic and Drill Driven Knockout Sets
- Use with 1/2" Punch and Die
- Convenient one piece design saves set-up time
- High-strength steel construction
- Cross-referenced to Greenlee® part number 2113AA

Model: 1582P
