Compact Air Compressor

CATALOG (SKU) NUMBER: MK-AC001

Powerful 1/6 maximum horsepower induction motor provides up to 125 PSI. Lightweight design (23.1 lbs.) for increased job site portability. Low noise for operator comfort; ideal for indoor use. Low AMP draw reduces incidents of tripped breakers at start-up. Roll cage construction for extra protection of pump and motor assembly. Oil-less pump designed for maintenance-free operation. Copper discharge tubing for increased heat dissipation. Lever-handle ball valve tank drain improves upon standard petcock design for easier maintenance and air tank release. Universal brass coupler for increased durability and reduced corrosion. Large pressure gauges for easier visibility of tank and hose pressure. Ideal for case and base installation, trim and finish carpentry, cabinet and furniture makers, and more.
