# Erection Wrench

CATALOG (SKU) NUMBER: KL-WRENCH

- Cross-hole with no sharp edges for tethering
- Forged from select alloy steel to withstand high-leverage and heavy loads
- Catalog number, bolt size and nominal opening size are stamped on every wrench for easy identification
- Continuous taper of handle makes lining-up bolt holes easy and works on a range of bolt and/or hole sizes without binding
- Extra-large hub area works on larger diameter holes better than other wrenches
- American Bridge design
- Tether not included
