

# Gloves

## CATALOG (SKU) NUMBER: GLOVE

Their ergonomic design, flexible palm coating, and comfortable, cotton shell, make Atlas Fit gloves a truly versatile and cost-effective glove. Whether nitrile or latex coated, the Atlas Fit glove is a popular choice for many work situations, with excellent tear and puncture resistance, superior grip, strong durability, and all-day comfort.

Hand and wrist injuries account for over fifty percent of workplace accidents and most are preventable! Using the correct hand protection product is critical, and that's why Majestic offers a broad selection of products in nearly every glove application category. The right gloves can offer protection from abrasions, cuts, chemicals, or countless other workplace hazards. While looking over the Majestic styles on our website and before making your final choice of a glove, be certain it matches your workplace application.

Since 1910, North Star Glove Company has been producing superior gloves for America's workers. Our gloves are produced in the USA by skilled workers in our Tacoma, Washington factory. They represent the finest in quality and design that can be found in the industry. We offer hundreds of different styles to cover all ranges of special uses and difficult environments. To browse our catalog of products, select a category from the menu bar on the left.
