High Visablitiy Vests

CATALOG (SKU) NUMBER: MLK-HIVIS

High-visibility (HV) clothing, a type of personal protective equipment (PPE), is any clothing worn that has highly reflective properties or a color that is easily discernible from any background. Yellow jackets worn by emergency services are a common example. Occupational wearers of clothing with high-visibility features include railroad and highway workers, airport workers, or other places where workers are near moving vehicles or in dark areas. Some cyclists wear high-visibility clothing when riding amongs motor vehicles. Hunters may be required to wear designated high-visibility clothing to prevent accidental shooting.
