Polypropylene (Poly-Pro) 3-Strand Rope (Imported)

CATALOG (SKU) NUMBER: MR-4

- Poly-Pro is a lightweight monofilament polypropylene strong rope that floats and has great resistance to oil and most common chemicals as well as marine growth.
- Designed not to rot, has great abrasion and UV resistance which allows the color to last the longevity of the rope itself.
- Floating rope that will not absorb water.
- High strength and minimal stretching.
- Twice the tensile strength of manila rope.
- Available in other sizes and colors upon request.
- Available in cut lengths upon request.
