

Twin Headed Light Stand 1000w Halogen

CATALOG (SKU) NUMBER: EL-089

This two-light 1000-watt halogen work light from Designers Edge Home (model L14SLED) comes equipped with a portable sled base and tripod base, making it ideal for any home or work job. The new comfort grip and heavy-duty handle mean transporting this work light is a breeze, and its adjustable extension leg allows for great results, even on uneven work surfaces. Incredibly easy to use, this work light telescopes from 40 to 67 inches with Easy Grip locking nuts, and its base measures 42 inches in diameter. Waterproof on/off switches give you individual control of the lights, and the hinged face and tempered safety glass offer both safety and versatility.
