Universal Harness

CATALOG (SKU) NUMBER: GF-UNIVH

The Guardian Fall Protection "Universal Harness" is the company's ‘best in the market' economy harness. The 5-point HUV has an anti-slip black placard for a more comfortable and longer lasting product. The harness comes with an impact indicator that identifies a product that has been involved in a fall. The back D-ring is our "super sized" D-ring which is compatible for safe connection to any manufacturer's ANSI compliant fall protection system. The safety strap in the back of the harness is an added safety feature that keeps the user from potentially falling out of the harness. This model's size is built specifically for individuals whose height ranges from 5-Foot 2-Inch to 6-Foot 8-Inch and whose weight ranges from 220 to 360 pounds. This version of the universal harness possesses leg tongue buckles!
